Hospice at Home Carlisle and North Lakeland (Hospice at Home), is a local, independent charity committed to providing high quality care and support for adults who have palliative and end of life care needs, and also for their relatives/carers.

An opportunity has arisen for a Registered Nurse to join our well established nursing team.

Working from our office base in Dalston, Carlisle, you will be responsible for undertaking palliative care needs assessments, reviews and discharge visits with patients wishing to receive/receiving care and support from Hospice at Home's clinical services. You will also provide direct nursing care to patients where situations deem this necessary e.g. in times of high service demand. Visits will be undertaken predominantly in the patient's home, but on occasions, in other settings

You will provide supervision for Health Care Assistants and will also participate in an on call rota system covering hours outside standard service times.

Hospice at Home is committed to staff development and operates robust supervision and appraisal systems.

For further information, informal discussion or a job description and application form, please contact Julie Boothman, Senior Staff Nurse on 01228 603208.
