Hospice at Home Carlisle and North Lakeland (Hospice at Home) is a local, independent charity committed to providing high quality care and support for adults who have palliative and end of life care needs, and also for their relatives/carers

An opportunity has arisen for a Coordinator/Nurse Therapist position within our well established Complementary Therapy Team. The post holder will be responsible for the coordination and development of the Complementary Therapy Service to ensure continued delivery of high quality, safe and effective therapies for patients and relatives/carers.

This pivotal role will incorporate a small clinical caseload, management and monitoring of Complementary Therapy staff and the identification and delivery/facilitation of education and training.

If you are a Registered General Nurse or other healthcare equivalent and have a professional qualification in Complementary Therapy this could be the position for you.

Hospice at Home is committed to staff development and operates robust supervision and appraisal systems.

For further information, informal discussion or a job description and application form, please contact Jan Lamb, Clinical Lead on 01228 603208.
